

Dear Baronsmen (and women),

I just wanted to thank you so very much for all of the time you devoted to our show. It truly means a lot to me. Up until this year, I had never seen nor been in a Shakespeare production. To tell you the truth... Shakespeare terrified me! The lines were difficult to understand and the stage was foreign to me. However, thanks to your one-on-one assistance, guidance through the script, and constant encouragement, I was able to pull it off. (And I learned so much!) This has truly been one of my favorite productions to participate in, and I owe it all to you guys. You have been such an inspiration to me. Please keep in touch, because I would love to come to your next show! You guys are awesome. 😊

With lots of

love,

Donna Bella

PS.

Thank you so much for lending me a dress for the show! It was GORGEOUS!
